JURGENSEN WAS DOIN' IT

George E. Jurgensen, with the passenger department of C. Brewer and Company, the agents for the Oceanic Steamship Line, and a passenger in the liner Sierra, from San Francisco, certainly made his circle of friends assembled at the wharf believe that things were stirring on the coast. "Georgie" completed a round trip in the Sierra on vacation and pleasure bent. He brought back a Loisterous piece of "man millinery," displaying a large flamboyant band, bearing the words "Everybody's doin' it now."

Just what the well known steamship man really did while away from the shelter of the nodding ocean and nodding palm, even Parser Tom Smith and Chief Stewart Hackett, hesitate to relate, save in most guarded tones.

However Jurgensen toiled the coast from the fog bound coasts of British Columbia to the heat ridden fastness of southern California.

In explanation of the inscription on his hat band, he claims that it applies to the general sentiment regarding tourist travel Honoluluward, for he insists that "everybody's doin' it" judging from the bookings on file at the San Francisco Oceanic office.

BUSINESS JOTTINGS

On the 27th inst. a meeting will be held by the Maui Loan Fund Commission in conjunction with the Board of Supervisors for the purpose of conferring upon the expenditures of the next apportioning of the appropriations for Maui, viz., \$147,000 for roads, \$15,000 for Kula pipe line and \$5000 for miscellaneous schools. The Maui schoolhouse is to be completed, and work on the pipe line to go right ahead.

The last hundred days will go down in the history of Kula as the worst period of drought in 23 years. The dead and dying cattle; the strident, yellow, withered grass; the dust covered roads, bushes and trees give a mute, sad testimony to the havoc played by the prolonged drought. But for the pipe line many people would have been compelled to move out of Kula. We of Wailuku, who always have a plentiful supply of water, can scarcely imagine the hardships the Kula people experience. The fully completed Kula pipe line and its extensions will prove a boon and a blessing to that dry section of the Valley Isle which can hardly be over-estimated.—Wailuku Weekly Times.

That there will be a big rise in the price of coffee in the near future is the opinion of William S. Terry the well known Hilo coffee expert. The price has been going down for a long time, he states, and should now be due for a raise.

Hilo is growing fast. Within a few weeks time the following new firms will be doing business in the town: Von Hamm Young, Wilfong & Desha, Honolulu Iron Works, Hoffschlaeger & Co., and still there are more to come. Hilo is growing.—Hilo Tribune.

OFFICERS BEATEN IN "BLIND TIGER" RAID

Special policeman P. A. Horabacher and Robert Holborn are suffering from bruises, the result of a raid on a Hustace cottage in Kewalo last night where "Dango red" was being sold. The Hawaiian who made the assault escaped and a warrant for his arrest will be issued today.

In company with License Inspector Fennel, the raiding officers had just entered the resort when a native steper forward, landed several well directed blows, and made his escape out of the rear door while the proprietor, Robert Kul, was arrested. Marked money paid for some beer by the informer was found in the possession of Grace Kawea. Several arrests were made and the liquor confiscated.

Announcement was made this morning that the Oahu Country Club ball, scheduled for the evening of July 27, next Saturday, has been postponed for just a month, until the evening of Tuesday, August 27.

BOTH PHYSICIANS MADE SAME MISTAKE

Place—Hospital in Pueblo, Colo.
Case—Chronic Bright's Disease of fifteen years' development.
Prognosis—Recovery impossible and patient (a Mr. Gaden) was so advised and that he could remain or go home.
On arrival at Center, Colo., could not sit up alone in bed. A local physician was called. He, too, said he could not recover and prescribed for his heart.
It did not look like the patient could live a week when a new agent was added to the treatment.
In ten days patient was sitting up; in twelve could walk outdoors. He made a slow but steady recovery. He weighed 190 lbs. at last advice.
These facts were given up by his wife, Mrs. Mary Gaden of Center, Colo.
Both physicians were mistaken as to the possibilities.
The new agent employed as above was Fulton's Renal Compound. It does not conflict with the physicians' prescriptions. But it does change the prognosis from despair to hope in many cases.
Over nine out of ten of the dead from kidney trouble show Bright's Disease. This is a census fact that kidney troubled people ought to know.

SAYS HE HAS MESSAGE FROM THE SPIRIT LAND

Unitarian Minister Claims to Be in Communication With Deceased Psychologist

CAMBRIDGE, Mass., June 25.—Following the reports of extraordinary spirit messages from Prof. James as set to have been sent through mediums to Prof. James H. Hyslop of the Society of Psychical Research, Frederick A. Wiggin, pastor of the fashionable Unitarian Church of Brookline, has announced that he, too, has been in occasional communication with the spirit of the psychologist.

Mr. Wiggin was for a time a literary assistant of Mrs. Mary Baker Eddy. He has before announced spirit communications from John McCullough, the tragedian, and Dr. Richard Hodgson, former secretary of the Society of Psychical Research, and Prof. James. When he first said he had heard from the latter many other mediums were making similar claims. Prof. Hyslop then criticised these messages, saying he did not believe them genuine, but thought a form of hysteria had produced them in the brains of the mediums.

Given Out in Installments.

Mr. Wiggin says he has hesitated to make public his communications thus far with the spirit of Prof. James because of their incompleteness, but he now gives out the first installment of a thesis dictated by the spirit, hoping that the interest aroused may stimulate the professor to complete the work.

"I know no more about what happened during the periods in which the spirit of the famous philosopher has made use of my physical body as a means of transcription of his thesis than you do," said Mr. Wiggin.

"The first two installments of what will be a complete spirit work I received at Unity Church. Prof. James died in August, 1910. On the evening of the first Sunday in the following October I was conducting the usual service at my church when, without the slightest warning, I felt myself entering the trance state. At first I grew meditative, then semi-conscious, finally losing all knowledge of things about me. I remained in this condition for possibly ten minutes. In the first instance I gave verbal utterance to the thought of the controlling spirit. Written by Spirit Hand.

"All of the other communications which came later were written by the spirit of William James, using my hand to convey the thought as yours would be employed to direct your own pen. These messages are not in my handwriting, but that of William James."

The first message from Prof. James, received October 2, 1910, is made public by Mr. Wiggin.

PECULIAR ACCIDENT IN FLIGHT OF AEROPLANE

PARIS, Fr., July 6.—An army aeroplane accident, showing the great danger of machines passing too near each other while flying, occurred today at Villacoublay, near Paris. Lieutenants Briez and Buriez of the French air started on a flight from the aerodrome in separate monoplanes, their destination being Belfort.

Lieutenant Briez had attained an altitude of 600 feet, when Buriez, passing him at greater speed 100 feet higher in the air, forced a pocket of air downward and caused the machine driven by Briez to lose its equilibrium. The monoplane crashed to the ground and both Lieutenants Briez's legs were broken, while his jaw was fractured and his breast also was injured. The doctors in attendance, however, say he will live.
